

Real California Burritos & Tacos

Press Release 19.01.2018

TORTILLA CONTINUES OUTSTANDING GROWTH IN 2017

Tortilla, the Californian burrito and taco restaurant group has released their end of year figures reporting company sales of £30.4 million, up 20% on 2016 with restaurant LfLs up 7.5%.

Richard Morris, Managing Director comments; "Following an excellent December, we are really pleased with our year end performance, building on great LfLs and our first "baby Tortilla" in Putney, which is trading well above expectations.

The team has worked extremely hard in a challenging market, to deliver a fresh, consistent great value offer.

Our LfLs show our offer continues to be well received, with more regular business and new customers enjoying our food, service and environments.

We are cautiously optimistic for 2018 and look forward to opening more new locations across the UK and Middle East."
