

**Real California Burritos & Tacos**

**Press Release 13.01.2017**

**TORTILLA KEEPS THE BURRITO ROLLING!**

Tortilla, the Californian burrito and taco restaurant group has released their end of year figures reporting a +3.5% increase in like-for-like sales over 2016 with +8.1% like-for-like over the festive period alone. After launching their latest 3 sites in Cribbs Causeway, London Central & Newcastle in Q4 2016, Tortilla's estate now consists of 32 sites across the UK and 2 in Dubai, UAE with UK sales exceeding £25.3 million for the year.

Richard Morris, Managing Director comments; "It's been a good year for Tortilla and we are delighted to have finished another year with like-for-like growth, having ended it with some crackerjack sales.

There is no doubt the sector is a little uncertain at this time, with all manner of punches being thrown in our direction. We will continue to do everything we can to offer great value, fresh Mexican food in all our restaurants, and hopefully in a few new locations in 2017."

Tortilla sold over 5 million burritos and hand prepared over 100 tons of freshly made guacamole.
